

X4 Pharmaceuticals to Present at Cowen and Company Healthcare Conference

March 9, 2018

Cambridge, Mass., March 9, 2018 – [X4 Pharmaceuticals](#), a clinical stage biotechnology company developing novel CXCR4 inhibitor drugs to improve immune cell trafficking to treat cancer and rare disease, today announced that Paula Ragan, PhD, President and Chief Executive Officer, will present at the Cowen and Company 38th Annual Health Care Conference in Boston on Wednesday, March 14, 2018, at 8:00 a.m. Eastern time.

About X4 Pharmaceuticals

X4 Pharmaceuticals is developing novel therapeutics designed to improve immune cell trafficking to treat cancer and rare diseases. The Company's oral small molecule drug candidates inhibit the CXCR4 receptor, a pathway which plays a central role in immune surveillance. X4's most advanced product candidate, X4P-001-RD, is in a Phase 2/3 study in patients with WHIM syndrome, a rare genetic, primary immunodeficiency disease. X4P-001-IO is currently under investigation in multiple Phase 1/2 studies in refractory clear cell renal cell carcinoma (ccRCC) and melanoma. X4 was founded and is led by a team with deep product development and commercialization expertise, including several former members of the Genzyme leadership team, and is located in Cambridge, MA.
